### Experience

#### Freelance

Brisbane, Australia

##### Business Website Redesign (Full-Stack)

Sep 2025 – Oct 2025

- Redesigned and rebuilt a production business website, increasing website traffic by **825%**, using responsive UI design, secure booking workflows, **API** integrations, and server-side validation.
- Improved search visibility and lead generation, resulting in multiple client referrals, by configuring Google Business Profile, implementing on-page **SEO**, and optimizing performance across devices.

#### Personal Portfolio Website

Brisbane, Australia

##### Software Development

May 2025 – Present

- Developed and deployed a **full-stack** personal portfolio application, achieving 100% reliable contact message delivery, by integrating Resend API, Supabase, and Cloudflare deployment pipelines.
- Demonstrated software engineering skills and project ownership, through a **publicly** accessible live site, built with TypeScript, Node.js, Tailwind CSS, and modern UI principles from scratch.

#### Web-based Mobile App

Brisbane, Australia

##### Convenient Store Inventory & Menu Management App

Nov 2024 – Dec 2024

- Designed and delivered a web-based inventory and menu management system, used daily by 300+ customers and staff, by implementing real-time stock tracking, menu display, and cash register **workflows** using Glide.
- Streamlined business operations, managing **120+** products across 7–8 categories, through admin dashboards enabling item creation, deletion, image uploads, and access control.
- Generated **repeat client** revenue, with 4 additional applications commissioned, by completing a **full production** deployment within a 3-week timeline.

#### Customer Service Associate (Part-Time)

Brisbane, Australia

##### Convenience Store

Aug 2024 – Present

- Delivered high-volume customer service, supporting 300+ customers daily, through POS transactions, cash handling, and in-store **assistance**.
- Maintained smooth daily operations, reducing errors and delays, by performing inventory checks and coordinating stock updates.
- Worked closely with store management, improving operational consistency and trust, through clear **communication** and problem resolution.

### Leadership & Activities

#### QUT Mongolia Student Club

Brisbane, Australia

##### Vice President & Co-Founder

Feb 2025 – Present

- Co-founded and organized student club, establishing a **community** for Mongolian students at QUT, through initial coordination and member recruitment.
- Supported early club activities and networking opportunities, connecting members and fostering engagement, by assisting in **planning** introductory events.
